PBIS Winter Games

On February 1st, students who have met the requirements will be treated to an activity period filled with games and activities which will be run by our middle school students. This fun time is a reward for those students who are meeting our expectations for behaviors consistent with our PBIS matrix. Great work on developing academically, socially and emotionally.

Safety Drills

In addition to our monthly Fire Drills, staff and students will be participating in Severe Weather drills in preparation for Spring weather as well as A.L.I.C.E. drills which serve to keep us all as safe as possible in the event that emergency situations occur in or around the school. These drills are carefully planned to reduce any stress or anxiety that may be present.
